SUNNYVALE, CALIFORNIA 94088-3707

File Number: 2004-0030
No. 04-01

NOTICE OF INTENT TO ADOPT NEGATIVE DECLARATION

This form is provided as a notification of an intent to adopt a Negative Declaration which has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #193-86.

PROJECT TITLE:

Consideration of Amendments to Title 19 (Zoning) by the City of Sunnyvale

PROJECT DESCRIPTION AND LOCATION (APN):

2004-0030 – City of Sunnyvale – Consideration of Amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code pertaining to Nonconforming Residential Buildings, Stormwater Runoff Management and the Pre-Appeal Process.

WHERE TO VIEW THIS DOCUMENT:

The **Negative Declaration**, its supporting documentation and details relating to the project are on file and available for review and comment in the Office of the Secretary of the Planning Commission, City Hall, 456 West Olive Avenue, Sunnyvale.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, February 17, 2004**. Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a **Negative Declaration** will be considered by the adopting authority, whose action on the protest may be appealed.

HEARING INFORMATION:

A public hearing on the project is scheduled for:

Monday, February 9, 2004 at 8:00 p.m. by the Planning Commission in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale; and on,

Tuesday, February 24, 2004 at 7:30 p.m. by the City Council in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale.

TOXIC SITE INFORMATION:

(No) listed toxic sites are present at the project location.

Circulated On January 28, 2004 Signed: _____
Gerri Caruso, Principal Planner

PLANNING DIVISION
CITY OF SUNNYVALE
P.O. BOX 3707
SUNNYVALE, CALIFORNIA 94088-3707

File Number: 2004-0030
No. 04-01

NEGATIVE DECLARATION

This **Negative Declaration** has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #193-86.

PROJECT TITLE:

Consideration of Amendments to Title 19 (Zoning) by the City of Sunnyvale

PROJECT DESCRIPTION AND LOCATION (APN):

2004-0030 – City of Sunnyvale – Consideration of Amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code pertaining to Nonconforming Residential Buildings, Stormwater Runoff Management and the Pre-Appeal Process.

FINDINGS:

The Director of Community Development of the City of Sunnyvale, California, hereby determines that an environmental impact report is not required. There are sufficient environmental controls incorporated into the Zoning and Subdivision regulations to ensure no significant detrimental effect.

The above determination is based upon the initial study conducted in this matter, information provided by the applicant in an "Application for Environmental Finding" and is based on the fact that the project is not in conflict with the adopted General Plan, the Zoning Ordinance and the Subdivision Ordinance.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, February 17, 2004**. Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a Negative Declaration will be considered by the adopting authority, whose action on the protest may be appealed.

California Department of Fish and Game CERTIFICATE OF FEE EXEMPTION

De Minimis Impact Finding

PROJECT TITLE/LOCATION (INCLUDE COUNTY):

Consideration of Amendments to Title 19 (Zoning) by the City of Sunnyvale, County of Santa Clara.

PROJECT DESCRIPTION:

2004-0030 – City of Sunnyvale – Consideration of Amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code pertaining to Nonconforming Residential Buildings, Stormwater Runoff Management and the Pre-Appeal Process.

FINDINGS OF EXEMPTION:

1. This project is in an urban setting.
2. There is no alteration of land or effect on fish or wildlife.

CERTIFICATION:

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.

Gerri Caruso

Title: Principal Planner, Community Development

Lead Agency: City of Sunnyvale

Date: January 28, 2004

INITIAL STUDY
ENVIRONMENTAL CHECKLIST FORM
Appendix G, CEQA Guidelines

Project #: 2004-0030
Project Address: Citywide
Applicant: City of Sunnyvale

1. Project Title: Amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code
2. Lead Agency Name and Address: City of Sunnyvale, Community Development Department, Planning Division
3. Contact Person and Phone Number: Fred Bell, (408) 730-7443
4. Project Location: Citywide
5. Project Sponsor's Name and Address: City of Sunnyvale, Community Development Department
6. General Plan Designation: NA (No change Citywide)
7. Zoning: NA (Citywide Amendment to Code – no change to Zoning Designations)
8. Description of the Project: (Describe the whole action involved, including but not limited to later phases of the project, and any secondary, support, or off-site features necessary for its implementation. (Attach additional sheets if necessary)

Amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code regarding the following items: Nonconforming Residential Buildings; Stormwater Runoff Management; and, Pre-Appeal Process.

9. Surrounding Land Uses and Setting: (Briefly describe the project's surroundings) NA (Project involves amendments to Title 19 of the Sunnyvale Municipal Code which applies Citywide)
10. Other public agencies whose approval is required (e.g. permits, financing approval, or participation agreement). None

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

<input type="checkbox"/> Aesthetics	<input type="checkbox"/> Hazards & Hazardous Materials	<input type="checkbox"/> Public Services
<input type="checkbox"/> Agricultural Resources	<input type="checkbox"/> Hydrology/Water Quality	<input type="checkbox"/> Recreation
<input type="checkbox"/> Air Quality	<input type="checkbox"/> Land Use/Planning	<input type="checkbox"/> Transportation/Traffic
<input type="checkbox"/> Biological Resources	<input type="checkbox"/> Mineral Resources	<input type="checkbox"/> Utilities/Service Systems
<input type="checkbox"/> Cultural Resources	<input type="checkbox"/> Noise	<input type="checkbox"/> Mandatory Findings of Significance
<input type="checkbox"/> Geology/Soils	<input type="checkbox"/> Population/Housing	

DETERMINATION: (To be completed by the Lead Agency)

On the basis of this initial evaluation:

I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared. X

I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared. ☐

I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required. ☐

I find that the proposed project MAY have a "potential significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect (1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and (2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed. ☐

I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required. ☐

Project Address: Citywide

Applicant: City of Sunnyvale

Printed Name

For (Lead Agency)

EVALUATION OF ENVIRONMENTAL IMPACTS

- 1) A brief explanation is required for all answers except “No Impact” answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A “No Impact” answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g. the project falls outside a fault rupture zone). A “No Impact” answer should be explained where it is based on project-specific factors as well as general standards (e.g. the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2) All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 3) Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. “Potentially Significant Impact” is appropriate if there is substantial evidence that an effect may be significant. If there are one or more “Potentially Significant Impact” entries when the determination is made, an EIR is required.
- 4) “Negative Declaration: Potentially Significant Unless Mitigation Incorporated” applies where the incorporation of mitigation measures has reduced an effect from “Potentially Significant Impact” to a “Less Significant Impact.” The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section 17, “Earlier Analysis,” may be cross-referenced).
- 5) Earlier analysis may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063 (c) (3) (d). In this case, a brief discussion should identify the following:
 - a. Earlier Analysis Used. Identify and state where they are available for review.
 - b. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
 - c. Mitigation Measures. For effects that are “Less than Significant with Mitigation Measures Incorporated,” describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project
- 6) Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g. general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.

City of Sunnyvale, Department of Community Development, Planning Division

Page 7 of 34

Project #: 2004-0030

Project Address: Citywide

Applicant: City of Sunnyvale

- 7) Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
- 8) This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
- 9) The analysis of each issue should identify: (a) the significance criteria or threshold used to evaluate each question; and (b) the mitigation measure identified, if any, to reduce the impact to less than significance.

Planning Division Checklist (4 of 8)

I. AESTHETICS. Would the project:

a. Have a substantial adverse effect on a scenic vista?	0	0	0	X	<u>17, 2</u>
b. Substantially damage scenic resources, including, but not limited to trees, rock outcroppings, and historic buildings within a state scenic highway?	0	0	0	X	<u>17, 94</u>
c. Substantially degrade the existing visual character or quality of the site and its surroundings?	0	0	0	X	<u>94</u>
d. Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	0	0	0	X	<u>95</u>

II. AIR QUALITY: Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

a. Conflict with or obstruct implementation of the applicable air quality plan?	0	0	0	X	<u>3</u>
b. Violate any air quality standard or contribute substantially to an existing or projected air quality violation.	0	0	0	X	<u>3, 97</u>
c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)?	0	0	0	X	<u>3</u>
d. Expose sensitive receptors to substantial pollutant concentrations?	0	0	0	X	<u>3</u>

Planning Division Checklist (5 of 8)

III. BIOLOGICAL RESOURCES:

a. Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U. S. Fish and Wildlife Service?	0	0	0	X	<u>94</u>
b. Have a substantially adverse impact on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Game or U.S Wildlife Service?	0	0	0	X	<u>94</u>
c. Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	0	0	0	X	<u>94</u>
d. Interfere substantially with the movement of any resident or migratory fish or wildlife species or with established native resident migratory wildlife corridors, or impede the use of native wildlife nursery sites?	0	0	0	X	<u>94</u>
e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	0	0	0	X	<u>41</u>
f. Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Conservation Community Plan, other approved local, regional, or state habitat conservation plan?	0	0	0	X	<u>17</u>

IV. CULTURAL RESOURCES. Would the project:

c.	Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	0	0	0	X	<u>10</u>
d.	Disturb any human remains, including those interred outside of formal cemeteries?	0	0	0	X	<u>10</u>
V.	LAND USE AND PLANNING. Would the project:					
a.	Physically divide an established community?	0	0	0	X	<u>12</u>
b.	Conflict with an applicable land use plan, policy or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect?	0	0	0	X	<u>12</u>
c.	Conflict with any applicable habitat conservation plan or natural communities conservation plan?	0	0	0	X	<u>17</u>
VI.	MINERAL RESOURCES. Would the project:					
a.	Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	0	0	0	X	<u>19</u>
b.	Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?	0	0	0	X	<u>19</u>
VII.	NOISE. Would the project result in:					
a.	Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	0	0	0	0	-
b.	Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels?	0	0	0	X	<u>16</u>

XIX. AGRICULTURE RESOURCES: In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland. Would the project?

- | | | | | | | |
|----|---|---|---|---|---|-----------|
| a) | Convert Prime Farmland, Unique Farmland or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency to non-agricultural use? | 0 | 0 | 0 | X | <u>91</u> |
| b) | Conflict with existing zoning for agricultural use, or a Williamson Act contract? | 0 | 0 | 0 | X | <u>91</u> |
| c) | Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use? | 0 | 0 | 0 | X | <u>91</u> |

Environmental Division Public Works Department Checklist (1 of 1)

HYDROLOGY AND WATER QUALITY. Would the project:

a) Violate any water quality standards or waste discharge requirements?	0	0	0	X	<u>24, 87</u>
b) Substantially degrade groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?	0	0	0	X	<u>25, —</u>
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site?	0	0	0	X	<u>95, 24</u>
d) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or surface runoff in a manner which would result in flooding on- or off site?	0	0	0	X	<u>95, 24</u>
e) Create or contribute runoff which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	0	0	0	X	<u>24</u>
f) Otherwise substantially degrade water quality?	0	0	0	X	<u>56</u>
g) Place housing within a 100-year floodplain, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	0	0	0	X	<u>56</u>
h) Place within a 100-year flood hazard area structures which would impede or redirect flood flows?	0	0	0	X	<u>56</u>
i) Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?	0	0	0	X	<u>56</u>
j) Inundation by seiche, tsunami, or mudflow?	0	0	0	X	<u>24</u>

In preparing this Initial Study, Planning Staff has determined that proposed changes and amendments to Title 19 (Zoning) of the Sunnyvale Municipal Code do not have the potential to cause significant environmental impacts. Additionally, to ensure on-going compliance with the California Environmental Quality Act, the City will continue to review potential environmental impacts from projects, individually or cumulatively, as part of its discretionary review and permitting process. As part of this project level review, the City will ensure that the appropriate environmental reviews, analysis and documents are prepared pursuant to CEQA.
